2017 PRICE LIST

INTRODUCTION TO TROUT FISHING

BAIT & SPIN TOURS

Bait and lure spinning methods are commonly used to catch trout in the Snowy Mountains and these methods are possibly the best land based ways of catching a trout. Bait fishing can only be carried out on the lakes whilst lure spinning can be done on both the lakes and in the rivers and streams. Steve Williamson Fishing Adventures can teach you one or both of these methods of catching trout!

NO FISHING EXPERIENCE NEEDED !

All tackle supplied just turn up and let us show you how to catch a trout!

2 hours - Lake Shore based (*Extra charges for boat based tour*)

\$140 private. \$88 each- 2 share. \$77 each- 3 share and 4 share and above is \$66 each.

Please note that there is an age limit for some tours. (No toddlers please due to OH&S safety requirements)

4 and 8 HOUR DAY TOURS are also available.

MORE INFORMATION

BOOKING GROUP SIZE

All of our tours are usually private, that is - you book yourself and bring your own party.

We do not have daily organised charters where you book as an individual and you share the booking with others. We find that personalised tours are best.

If there is only you and you want to share the cost with someone else then we will try and find someone for you to share with but it would be your responsibility to book a time and pay for the trip first.

Bait fishing and spinning on the lake is suitable for larger groups.

It is recommended that 6 people is a maximum for river fishing.

AGE LIMITS

There is an age limit for Children. Experience has shown us that under 5 are often too young for both methods of instructional fishing.

5 to 8 year olds are better taught to cast lures as bait fishing can sometimes be boring. (But casting lures can be dangerous due to the hooks. Casting plugs without hooks can be used until experience and accuracy happens.)

When bait fishing you have to sit and wait, be quite and have patience to catch fish.

We do however specialise in teaching children how to fish. (Just not necessarily catch fish!)

BOOKING TIMES.

Bookings by demand.

BEST TIME TO CATCH FISH

We recommend that the early morning fishing and the weather is generally best at first light, however the fish may come on the bite at any time during the day so it is always a gamble.

If you're a late starter then we recommend an evening booking.

FISH SPECIES

Brown trout, rainbow trout, Atlantic salmon and maybe if your lucky a brook trout!

FISH GUARANTEE

We are dealing with wild animals and we can never predict how they will behave on the day.

Our catch rate on average throughout the year is one fish per hour, but you can be lucky and catch more and you can be unlucky and catch nothing!

WHAT YOU GET

- ✓ Fully experienced fishing guide and instructor!
- ✓ Full explanation on methods used from guides with a lifetime of professional experience.
- ✓ All rods reels and tackle. You don't pay for lures or tackle lost!
- ✓ You get to keep any fish caught, up to your legal maximum permitted by law!
- ✓ You may release fish if you wish.
- ✓ Refreshments on tours over two hours duration.
- ✓ Great company!
- ✓ Informed instruction.
- ✓ FREE Show Bags for Kids!
- ✓ Discounts on any after tour tackle purchases.

PAYMENT POLICY

Full payment if booked less than 14 days prior to the tour. Booking fee applies if cancelled within 14 days and full refund of money (or transfer) if we cancel due to what we consider to be dangerous weather.

LARGE GROUP BOOKING

Please allow us to quote on large groups. We do organised fishing instructional tours for large school groups of up to 50 students at a cost as low as \$22 per student for two hours of instruction and all students receive a FREE show bag of sponsored fishing goodies worth up to \$50!
