# TROUT FISHING

## 1/2 DAY and FULL DAY PRICE LIST

2016/ 2017

There are four methods used to catch trout in the Snowy Mountains and Steve Williamson can help you experience one or all of those methods. You can use lures to spin the lakes and rivers, you can fly fish the streams or rivers, you can bait fish the lakes or why not experience a lake trolling trip from Steve's well equipped boat, just sit back relax, enjoy the beautiful scenery while you wait for the fish to bite. Whatever method you choose to fish we can help you out.

On our half day tours (4 hours) you can choose one or two methods to try and on a FULL DAY (8 hour) tour you can choose one method or all 4 methods! The full day tour where you try out boat trolling, lure spinning, bait fishing and fly fishing lessons is a great start for new comers to the sport that want to experience all the ways you can catch a trout.

**All tackle supplied just turn up!**

## [MORE INFORMATION](#)

### **BOOKING GROUP SIZE**

All of our tours are usually private, that is - you book yourself and bring your own party. We do not have daily organised charters where you book as an individual and you share the booking with others. We find that personalised tours are best.

4 people is a good size for a private tour, however we can handle much larger groups.

### **LARGE GROUPS**

Large groups are quoted as special discounted rates apply.

### **AGE LIMITS**

There is an age limit for children depending on the tour type.

### **BOOKING TIMES.**

In summer tours may start at first light depending on daylight savings hours.

Fly fishing tours may start later in the morning or afternoon.

Half day tours can be morning or afternoon.

In winter our tours normally start at 9am and we are off the water by 4pm

### **BEST TIME TO FISH**

We recommend that the early morning fishing and the weather is generally best at first light, however the fish may come on the bite at any time during the day so it is always a gamble.

If you're a late starter then we recommend a luncheon or evening booking.

### **FISH SPECIES**

Lake Jindabyne holds brown trout, rainbow trout, Atlantic salmon and maybe if your lucky a brook trout! In the streams and rivers we catch mostly brown trout and rainbow trout.

### **FISH GUARANTEE**

We are dealing with wild animals and we can never predict how they will behave on the day.

### **WHAT YOU GET**

- ✓ Fully experienced fishing guide.
- ✓ All equipment supplied or BYO.
- ✓ Full explanation on methods used from guides with a lifetime of professional experience.
- ✓ A boat with the most up to date equipment including the very best in fish finders!
